

# Shaping the future of registered nurse education by informing accreditation standards

---

**Dr Jane Douglas**

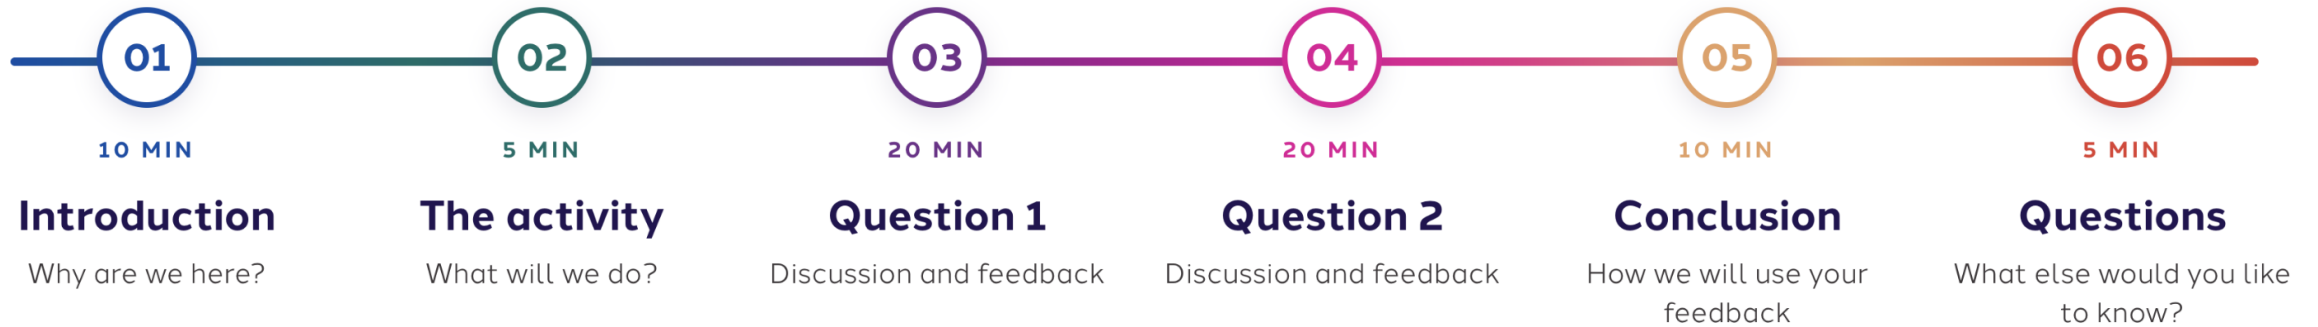

Associate Director, Policy, Research and  
Standards

---

**Karen Cook**

Accreditation Services Policy and Projects  
Officer

# Plan for the workshop

# Purpose

**Who is Anmac?**

**What are accreditation standards?**

**Why are we here?**

# Activity: We need your help

1

## On your table

Question prompt,  
butcher's paper,  
pens.

2

## Choose two roles

A scribe and a  
spokesperson.  
Give your group a  
title

3

## Discuss & record

Work through the  
question together –  
about 10 mins.

4

## Feedback to the room

Spokesperson  
reports back – 5 to  
10 mins.

# Q1

## What do we need to teach students studying to become registered nurses?

Consider:

- how we ensure graduates are emotionally, clinically, culturally and psychologically prepared
- your experience as a nurse generally and/or working in remote and rural locations: Are there specific things that might be included in pre-registration nurse education to assist graduates transition to these locations?

1

### On your table

Question prompt, butcher's paper, pens.

2

### Choose two roles

A scribe and a spokesperson.

3

### Discuss & record

Work the question together – about 10 mins.

4

### Feedback to the room

Spokesperson reports back – 5 to 10 mins.

# Q2

## How can we integrate cultural safety into registered nurse education?

Consider:

- practical ideas
- are there barriers that need to be addressed?

### 1 On your table

Question prompt, butcher's paper, pens.

### 2 Choose two roles

A scribe and a spokesperson.

### 3 Discuss & record

Work the question together – about 10 mins.

### 4 Feedback to the room

Spokesperson reports back – 5 to 10 mins.

# How we will use your feedback

**01**

## Capture

Table notes and feedback are collected and recorded

**02**

## Synthesise

Themes from CRANaplus sit alongside input from other consultations, the literature and evidence base

**03**

## Draft

Findings inform the proposed accreditation standards review, drafted with the EAG/PRG

**04**

## Consult & Publish

Drafts go out for public consultation. The final standards are approved by the NMBA and published by Anmac.
